School Closure – Learning at home

Dear Parents and Carers,

Please find in this pack instructions and activities for supporting student learning at home while the school is temporarily closed.

Each child has been sent home with booklets of activities so they can continue their learning while at home. If you are able to keep to a school schedule it will be greatly beneficial for your children.

If you have access to the internet there are some websites appropriate for learning included in this pack (see handout). Please limit the amount of time children spend on devices playing games between 9am – 3pm, unless they are recommended on the handout or if you feel they are educational.

Yours sincerely,

Voula Hatzidimitriou
Principal

THE COAT

"Do not go outside without your warm coat, Tom; it is very cold, and the snow lies thick on the ground. If you do, then you will catch cold, and you will be sick."

"But I feel quite warm."

"Yes, you do now, but see what a large fire there is here? Out of doors there is no fire, and the cold wind blows. If you have no warm coat on, you will feel cold."

But Tom thought he knew best, so he went outside with no coat on, and he caught a bad cold and cough. He was put to bed quite sick.

Jack, Will and Tom were supposed to play on the frozen pond the next day, but now Tom was too sick to go. When he was in bed, Tom thought how silly he had been. He would try and do all that he was told when he got well.

Answer the questions.

"Put your hand into the nest, Mary."

"Oh no, the hen will not let me!"

"But, Mary, I will hold her."

"Well, Ned, if you can hold her, I will put my hand into the nest," said Mary as she moved her hand towards the nest. "Oh Ned, there are some little chicks under the hen!"

"Are there?" asked Ned.

"Take her out of the nest so we can see them."

Ned lifted the hen out of the nest. The children could see the chicks. There were six of them.

"Oh the dear little chicks! How pretty they are," said Ned. "We will feed them, Mary."

"Yes, I will run and get some food and give them some water," said Mary as she ran towards her house.

Answer the questions:

1. What is the nest made of?

LITTLE BY LITTLE

When Charley awoke one morning, he looked from the window and saw the ground deeply covered with snow. On the side of the house nearest the kitchen, the snow was piled higher than Charley's head.

"We must have a path through this snow," said his father. "I would make one if I had time, but I must be at the office early this morning. "Do you think you could make the path, Son?" he asked little Charley.

"Me? The snow is higher than my head! How could I ever cut a path through that snow?"

"How? By doing it *little by little*. Suppose you try," said his father as he left for his office.

So Charley got the snow shovel and set to work. He threw up first one shovelful and then another, but it was slow work.

"I don't think I can do it, Mother," he said. "A shovelful is so little, and there is such a heap of snow."

"Little by little, Charley," said his mother. "That snow fell in tiny bits, flake by flake, but you see what a great pile it has made."

"Yes, Mother, I see," said Charley. "If I throw it away little by little, it will soon be gone."

So he worked on.

When his father came home to dinner, he was pleased to see the fine path. The next day he gave little Charley a fine blue sled. Painted on the sled in yellow letters was "Little by Little."

Questions:

1. Why does Father ask Charley to make the path?

PRETTY FISH

"Frank caught it in the brook. I went to the brook to get some water and saw this little fish. Then I told Frank about the fish, and he ran to get his fish net. He put the net into the water and caught the fish, and I put it into this dish."

"Well, what will you do with it?" asked John's mother.

"I will keep it, Mom," replied John.

"But, my boy, it will not live in that dish. You should put it back into the brook," replied his mother.

John frowned. "I wish I could keep it. It is so pretty! May I put it into the pond?" "No, John," said his Mom. "You must put it into the brook. A trout will not live in warm water."
